

# Request for Test-Optional Consideration

I, \_\_\_\_\_, am requesting that my application to Mercyhurst University be considered without the submission of ACT or SAT test scores. I understand that any application decision will be based on my high school academic performance, recommendations from teachers or high school counselors, and the material I provided in my Application for Admission. I understand that, in some circumstances, my admissions counselor may request additional materials (for example, a graded high school writing assignment) before making any decision. Finally, I understand that if I am granted admission, consideration of any Mercyhurst merit scholarships will be based solely on my high school performance.

In the event that Mercyhurst has already received my test scores (either from the testing firms themselves or as supplemental information on my high school transcript), I understand that the scores will be retained for evaluation purposes only and will not be considered during the application review.
